

Free resources for parents affected by school closures

Keep kids engaged with free online resources

Nessy's YouTube offers an easy, engaging way to keep children learning during this difficult period.

Our YouTube channel contains a selection of strategies taken from Nessy's online programs; our Youtube channel contains help for reading, writing, spelling, vocabulary, grammar, phonics, math and keyboarding.

You can access Nessy's Youtube channel [here](#)

Or simply type 'Nessy' into Youtube and our channel will be the first result.

You can link your students to our videos in 2 ways:

1. Copy and paste the URL from the top of the webpage into an email to send to all children
2. Click the 'share' icon and choose which network you want to post the link to (you can also share via email this way)

You could also create your own playlist of Nessy videos to share! To find out how to create your own playlist click [here](#).

Stay safe,

The Nessy Team
